

Red Fence™

Photinia X fraseri 'CP01' (D)

NEW

EMPORIUM RANGE

The perfect plant for a fence size hedge or short screen, with red new growth.

- Compact, strong growing Photinia.
- Red new growth foliage with crinkled, ornamental leaves.
- Only needs yearly pruning, which is half that of regular Photinia. Although pruning twice a year will result in a tighter hedge.

Description	Compact, strong growing Photinia
Height & Width	1.5m x 1m after 5 years, reaches 2m high in good soil types
Density	1–2 per m ² 2 per linear metre for hedging
Flowering	Small white flowers in mid to late spring
Best Planting Time	March–November
Uses	As a fence, short screen or hedge
Position	Full sun to part shade; Frost tolerant
Soil Type	Most soil types
Care	Prune yearly, or twice per year for a tight hedge
