

# Coastal Pink™

*Correa alba* 'COR10' (b)

NATIVE SHRUBS & GROUND COVERS

The best pink flower *Correa alba* form that copes well with coastal winds.

- Coastal Pink™ *Correa* has a strong growth habit that landscapers will love.
- A new and exciting pink flowered form of the popular coastal *Correa alba*. Its flowers have a more noticeable pink tinge to them than other popular types of *alba*.

<b>Description</b>	Medium coastal shrub
<b>Density</b>	1-2 plants per m <sup>2</sup> 1-2 plants per linear metre
<b>Height &amp; Width</b>	2m x 2m; can be pruned twice a year to keep it at a smaller size
<b>Flowering</b>	Light pink bells in winter/early spring
<b>Best Planting Time</b>	Autumn, winter or spring
<b>Uses</b>	Coastal bird attracting landscape filler between trees, mass planted as a medium sized shrub or as a small to fence sized hedge
<b>Position</b>	Full sun to light shade Tolerates drought & frost
<b>Soil Type</b>	Preferably reasonably drained soil, however it is adaptable to most soil types
<b>Care</b>	Low water requirements once established; prune once per year to maintain semi-compact habit or twice per year for a really tidy appearance; prune to desired shape and fertilise with slow release native fertiliser
<b>Where it Works</b>	VIC, ACT, SA, WA, TAS, Southern NSW and Sydney (in good draining soils)
