

Grey Box™

Westringia fruticosa 'WES04' (1)

NATIVE SHRUBS & GROUND COVERS

Grey Box™ *Westringia* is the perfect native compliment for ozbreed Aussie Box®.

- Grey foliage with white flowers—great for colour contrast against green plants.
- An extremely compact form. Great for coastal or inland.
- Great as a hedge or left unpruned in its natural ball shape. It will stay compact in its natural shape. More regular pruning will result in a tidier, denser hedge.
- Grey Box™ *Westringia* is a great drought tolerant replacement for English Box.
- Proven to be very drought and frost tolerant, can handle wet feet and is also found to work well in sandy and heavy clay soils.

Description	Very compact native hedge plant
Density	3–6 plants per m ² 2–3 per linear metre
Height & Width	30–45cm x 30–45cm unpruned; 30cm x 30cm pruned
