

Mighty Sunset™

Aloe hybrid 'AL03' (L)

A semi-compact, multi-stemmed orange and cream Aloe.

- A tough small to medium sized Aloe with bi-coloured cream and sunset orange flowers in winter.
- Frost tolerant, with excellent drought tolerance. It will thrive better with some top up watering in very dry climates.

Description	Semi-compact Aloe
Density	1-3 per m ² 2-3 per linear metre
Height & Width	60 cm x 50 cm foliage; 95cm high flowers
Flowering	Cream and sunset orange flowers in winter
Best Planting Time	March–November
Uses	Feature plantings, rockeries, border along paths and fences. Mass group plantings.
Position	Full sun to part shade
Soil Type	Most soil types, but if in clay soils, try to improve drainage or use in raised garden
Care	Water as required for 8–13 weeks until established; fertilise yearly with slow release fertiliser; cut back spent flowers if desired
Where It Works	South QLD (raised gardens and free draining soil), NSW, VIC, TAS, SA, WA & ACT (requires further testing here)
