

Party Pink™

Alternanthera ficoidea 'PP05' Patent no. 2015100619

Great for colour contrast with its highlighted pink ribs on deep burgundy foliage.

- Party Pink™ *Alternanthera* provides great colour contrast amongst other plants.
- This plant loves humidity and is heat tolerant.
- This is a frost tender shrub, so it will need to be planted in a sheltered position to protect it from light frost.
- In frost free areas Party Pink™ *Alternanthera* can be planted in full sun to part shade.
- Yearly pruning will benefit Party Pink™ *Alternanthera* by promoting vibrant new growth.
- Provide Party Pink™ *Alternanthera* with adequate water as required.
