

Sweet Mist®

Phormium tenax 'PHOS2' (L)

Sweet Mist® Phormium provides stunning colour contrast for the modern garden.

- Sweet Mist® Phormium is ultra-compact with exceptional bronze colour.
- Much tougher than Elfin, Bronze Baby and Jacks Spat with cleaner foliage.
- It grows well in full sun and shaded positions, tolerates heavy frost and moderately dry conditions. Sweet Mist® Phormium will need adequate summer irrigation in South Australia and Western Australia.
- Not suited to north of Sydney. In Sydney it needs a shaded position and irrigation, except for coastal positions which will handle full sun.

Description	Ultra-compact bronze Phormium
Density	6–10 plants per m ² 3–5 per linear metre
Height & Width	40cm x 40cm
Flowering	N/A
Best Planting Time	March–October
