

# Ice Angel™

*Agapanthus hybrid 'WP003'* (♣) intended

## A semi-compact form with exceptional repeat flowering throughout the year.

- Ice Angel™ Agapanthus produces white flowers for a longer period, with flowers typically repeating in each season.
- In spring and summer, masses of white flowers are on display.
- A semi-compact form with good disease resistance. Ice Angel™ Agapanthus is tough, drought and frost tolerant.

<b>Description</b>	Repeat flowering semi-compact Agapanthus
<b>Height &amp; Width</b>	50cm x 60cm; 60–80cm high flowers
<b>Density</b>	4–6 plants per m <sup>2</sup> 2–4 per linear metre
<b>Flowering</b>	En masse Oct–Nov; sporadically throughout the year (depending on location and growing conditions)
<b>Best Planting Time</b>	March–November
<b>Uses</b>	Garden beds, borders, patio pots and planter boxes
<b>Position</b>	Full sun to part shade; drought & frost tolerant
<b>Soil Type</b>	Most soil types, but thrives in rich soil
<b>Care</b>	Water as required for 8–13 weeks until established; plant in a well mulched garden (chunky mulch is recommended); if required use slow release fertiliser in spring (for best flower production); remove older leaves and spent flowers stems as required
<b>Where It Works</b>	South QLD, NSW, ACT, VIC, TAS, SA & WA
