

Mighty Coral™

Aloe hybrid 'ALO4' (L)

HARDY EXOTIC PLANTS

Semi-compact form with multi-stemmed orange and cream flower heads.

- A tough plant with frost tolerance, excellent drought tolerance and a more compact shape.
- A multi-head flowering Aloe with green foliage.
- In early to mid winter, it boasts displays of soft orange and cream flowers that look like coral pink from a distance.
- Mighty Coral™ Aloe will benefit from some top up watering in very dry climates.

Description	Semi-compact Aloe
Density	3–6 per m ² 2–4 per linear metre
Height & Width	35 cm x 40cm foliage; 60cm high flowers
Flowering	Orange and cream flowers in early–mid winter
Best Planting Time	March–November
Uses	Mass planting, borders, feature plant
Position	Full sun to part shade
Soil Type	Most soil types, but if in clay soils, try to improve drainage or use in raised garden
Care	Water as required for 8–13 weeks until established; fertilise yearly with slow release fertiliser, cut back spent flowers if desired
Where it Works	South QLD (raised gardens and free draining soil), NSW, VIC, TAS, SA, WA & ACT (requires further testing here)
