**Pink Fusion™**  
*Scaevola* spp. 'PFS200' (b) Intended

Pretty yet tough flowering ground cover.

- Long-life (survived 12 years of testing).
- Outcompetes weeds.
- Flowers almost all year round.
- Tough flowering plant perfect for landscape use.
- Suitable for ground cover.

<b>Description</b>	Long-lived landscape plant with majestic pink flowers.
<b>Density</b>	1-2 plants per m <sup>2</sup>
<b>Height &amp; Width</b>	30cm H x 1.2m W
<b>Best Planting Time</b>	March-November
<b>Uses</b>	March-November
<b>Position</b>	Tolerates heat and cold extremes. Sun to light shade.
<b>Soil Type</b>	Most soil types. Even handles poor soils
<b>Care</b>	Water as required for 8-13 weeks until established. Trim once a year to keep tidy.
<b>Where it Works</b>	Likely Australia-wide

**Ozbreed Zen Grass®**  
*Zoysia spp. 'ZOY01'*  Intended

A low-maintenance, fast spreading alternative to traditional lawns.

- Japanese Lawn Grass *Zoysia* spp. is tough with less dropouts.
- Less weed invasion due to denser growth. Most weeds can be sprayed out selectively.
- Fast spreading.
- Has a nice, wavy look.
- Only needs to be mowed once every 1-2 years.

<b>Description</b>	A Japanese garden style lawn, that is easy to preserve
<b>Density</b>	For fast coverage, 7-9 per m2 7-9 per linear metre
<b>Height &amp; Width</b>	10-20cm H x 1m W
<b>Best Planting Time</b>	Spring through to autumn
<b>Uses</b>	No or low mow lawn alternative, garden understory, Japanese garden
<b>Position</b>	Extremely tolerant to drought, frost and heat. Wear tolerant. Survived floods. Tough in shade
<b>Soil Type</b>	Low fertiliser requirements
<b>Care</b>	Water for 4-8 weeks until established
<b>Where it Works</b>	Likely Australia-wide Trial in QLD and ACT Trial in QLD and ACT

## Eskdale Blue™
