Summer HummerTM Geranium 'GER302' (D Intended

LANDSCAPE FLOWERS

Compact, tidy, and clean geranium ground cover with abundant purple flowers.

• Very tough, reliable, long-lived form, perfect for adding texture and colour to the landscape.

• Spreads low and wide, forming a dense groundcover, suppressing weeds, creating lush, uniform carpet effect.

Produces profusion of vibrant purple flowers, attracting

pollinators, enhancing garden beauty.

• Demonstrates resilience, thriving in summer heat. Deciduous in colder climates, resprouting quickly in spring.
